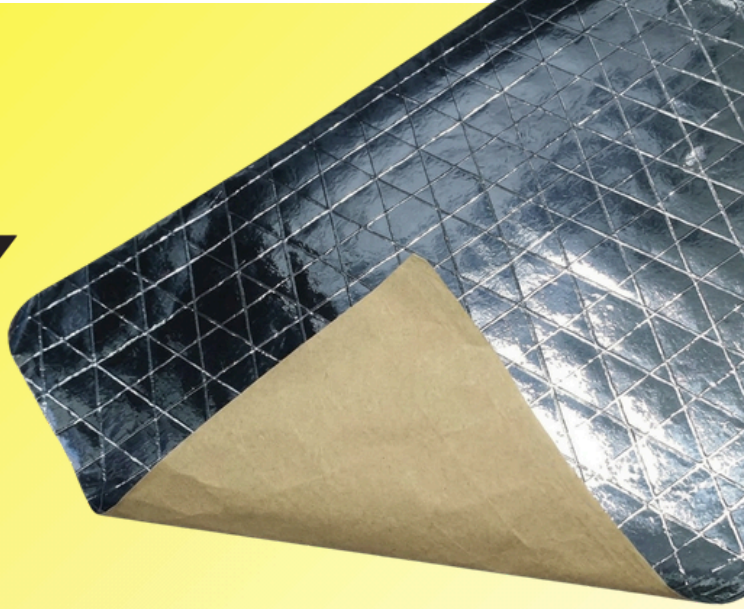
INSUMAX

SINGLE SIDED FILM



SINGLE SIDED FILM / SM - 50 / 1.2M X 50M

ADVANTAGES OF INSUMAX INSULATION PRODUCTS:

Energy Efficiency
INSUMAX offers superior thermal performance, significantly reducing heat transfer and lowering energy consumption.

Durability
INSUMAX is designed to withstand harsh conditions, providing long-lasting resilience against wear, impact, and degradation.

Lightweight
INSUMAX offers high performance in a low-density material, making it easy to handle, transport, and install without sacrificing strength.

UV Protection + Heat stability
INSUMAX has the ability to maintain its physical size and properties under extreme temperature changes.

PRODUCT CODE : SM - 50

SIZE PER ROLL : 1.2M X 50M
